

Rules laundry room

For everyone's comfort, we have rules for the laundry room.

The laundry room can be used:

- Weekdays kl. 7.00 – 22.00
- Saturdays kl. 7.00-22.00
- Sundays kl. 7.00-22.00

An unutilized laundry appointment can be used by other residents after 60 minutes. Only one appointment can be pre-booked. The next appointment can be booked when the current appointment starts. The laundry room is booked on the list in the cabinet outside the laundry room. All the machines are turned off automatically at 10pm.

Cleaning

Clean the laundry room when you are done. The following should be done:

- Wipe the top of the washing machines and tumble dryer
- Sweep the floor
- Mop the floor
- Clean the lint filter in the dryer
- Wipe the sink
- Throw away any debris in the trash (such as lint)

Other

Only lint may be thrown in the garbage bin. Bulky packaging e.g. detergent, should be sorted by residents themselves. Residents are not allowed to wash carpets and other larger items in the washing machines. For large items use the laundry room in house 15 which has larger special machines for this. For booking of that laundry room please use the booking schedule outside the laundry room.

Well-being

When you leave the laundry room, make sure the looks like when you arrived and the door is locked. Pets such as dogs and cats are not allowed. It is forbidden to smoke in the laundry room. Children are not allowed in the laundry room without an adult.
